

1

Lay one of the graphics facedown and unroll.

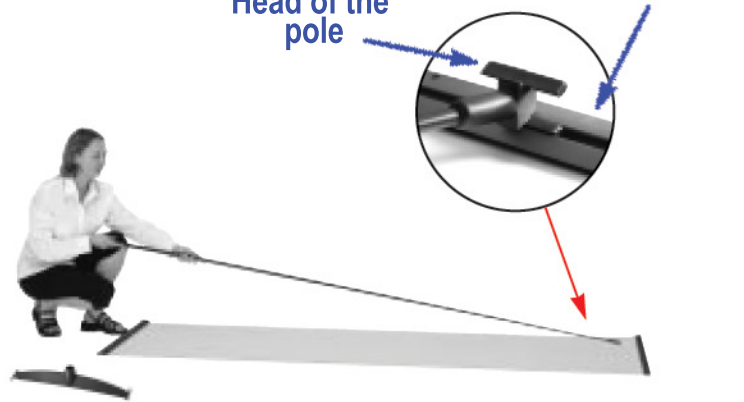

2

89-3/4" (228cm)
81-7/8" (208cm)
74" (188cm)
66-1/8" (168cm)
46-7/16" (118cm)
26-3/8" (67cm)

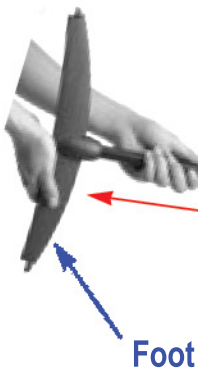

Connect pole segments to attain required unit height.

3

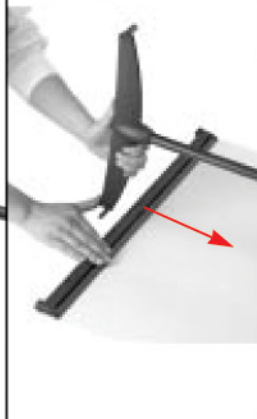

While standing at the bottom of the facedown graphic, insert one of the pole's heads into the groove of the top graphic rod.

4

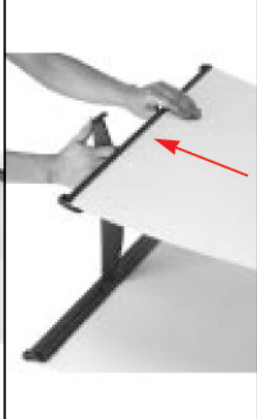

Slide the foot onto the base of the pole.

5

Insert the tip of the foot into the groove of the bottom graphic rod.

6

Attached the second graphic face up to the other pole head. Insert the foot into the groove of the graphic's bottom graphic rod.

7

Lift the unit up from the top and stand it up.
